17th - 20th July 2025  
The Land, Derbyshire, UK

Deepen your  
connection to  
the felt experience  
of the whole and  
use it to guide the  
next phase of  
your life

“A human being is a part of the whole called by us universe, a part limited in time and space. He experiences himself, his thoughts and feeling as something separated from the rest, a kind of optical delusion of his consciousness. This delusion is a kind of prison for us, restricting us to our personal desires and to affection for a few persons nearest to us.”

Albert Einstein

# The Realms

The Realms is a model originated by Judith Hemming and Jim Kepner and developed in its current form by Nic Turner.

It enables people to explore questions, issues and ideas from a number of perspectives provided by different energetic sources. It is particularly relevant to those life challenges that cannot be successfully resolved with our normal ways of thinking and working.

This is an intense three-and-a-half-day residential developmental retreat which resources participants holistically for the next phase of their lives.

The 3.5 day Realms retreat is an opportunity to step out of normal awareness and access ways of knowing which connect us to our essential selves.

We help you achieve this through;

- \* The guidance of the Realms process
- \* Facilitators who are skilled and experienced in the practice
- \* The friendship and support of your fellow travellers
- \* The power of the land itself; living close to the earth in glorious Derbyshire countryside nourished by great veggie food

# Fieldwork Staff

Nic Turner is the creator of the realms practice with forty years as a student, international teacher and practitioner of connection to pure presence. This practice has impacted large organisations such as Alibaba, Boots and Syngenta. It is the basis of some of the world's leading boutique consultancies, nowhere (UK), Dwarves and Giants (Austria and Germany), P2 (China) and Corall (Brazil). The Realms is the most pure and powerful expression of this personal and spiritual development practice.

Kate Tyler will be supporting you before, during and after the Realms to get the most from this experience and beyond.
